ELECTIVE DEFERRALS

Your elective deferrals are amounts that you chose to (or are assumed to have chosen to) have withheld from your paycheck and contributed to the Plan in your name. Please see the section of your SPD titled "Eligibility for Participation" to determine if you are eligible to make elective deferrals and "Contributions to the Plan" for the type of compensation you may defer into the Plan.

How do I make or change my deferral election?

You may make or change your deferral election by returning a deferral election form to the plan administrator.

Once I make a deferral election, how often can I change, stop, or re-start the election?

You may change or re-start your deferral election once each pay period. You may stop your deferrals at any time.

If I make a deferral election is the amount withheld from my paychecks taxed?

You will have the option to decide if the amount you elect to defer into the Plan is taxed or not. If you chose to have your elective deferrals go into the Plan as pre-tax elective deferrals, you will not be taxed until you take the money out of the Plan. If you chose to have your elective deferrals go into the Plan as Roth elective deferrals, you will be taxed on that money when it is taken out of your paycheck, but it will not be taxed again when you take it out of the Plan. The earnings on those Roth elective deferrals may be taken out tax-free if certain conditions are met. Please see the SPD for more information on Roth elective deferrals.

Are there any limits to how much I can defer into the Plan?

Your elective deferrals are subject to the following limits:

- Your total amount of deferrals cannot be more than \$19,000 (for 2019).
- If you are age 50 or over, you may defer an additional amount, called a "catch-up contribution," of up to \$6,000 (for 2019).

The plan administrator may establish additional rules you will need to follow when making your deferral election. Your deferral election is only effective for compensation you have not received yet. The plan administrator may also reduce or totally suspend your election if they determine that your election may cause the Plan to fail to satisfy any of the requirements of the Internal Revenue Code.

SAFE HARBOR CONTRIBUTIONS

The plan administrator intends the Plan to be a safe harbor plan. In a safe harbor plan, if certain requirements are met, the Plan will be deemed to automatically pass certain IRS required non-discrimination testing (ADP, ACP, and top-heavy). One of these requirements is a minimum level of employer contributions to the Plan. The Plan may be amended during the plan year to reduce or suspend the safe harbor contributions. The reduction or suspension will not apply until at least 30 days after you are provided notice of the reduction or suspension.

Am I eligible to receive safe harbor contributions?

Once you meet the eligibility requirements below, you will be eligible to receive safe harbor contributions unless you fall into one of the following categories.

- You are an employee covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining.
- You are a non-resident alien with no U.S. sourced income.

What eligibility requirements do I have to meet to receive safe harbor contributions?

You will be eligible to receive safe harbor contributions on the first day of each plan quarter coincident with or next following the day you meet the following requirements.

- You attain age 21.
- You are still employed on the 6 month anniversary of your hire date.

Will ADP safe harbor contributions be made to my account under the Plan?

Will any additional contributions be made to my account under the Plan?

You may be required to work a certain amount of time to earn certain contributions to the Plan. PLAN INVESTMENTS**Can I direct how my account balances will be invested?**

You may make or change your investment elections by going to the following web site:
www.planlogin.com

How often can I change my investment election?

Subject to any additional restrictions placed on investment timing by the actual investment, you may change your investment elections daily.

How will my account balances be invested if I do not make an investment election?

The Plan's default investments are intended to meet the requirements to be a qualified default investment alternative (QDIA).

Default Investment Information

Should no investment election be made, funds will be invested in the Plan's Target Date fund most closely relating to age and expected retirement date. The Target Date fund objective provides asset allocation and associated risk levels which, over time, will become more conservative (and decreasing risk of losses through higher allocation to fixed income investments).

Right to Self-Direct

You may transfer assets from the default investment fund to any other Plan investment fund at any time without fee or restriction.
